Serving East Amwell, West Amwell & Lambertville

Pahaquarra District, Central New Jersey Council

Pack 32 News

Joey Agabiti, older brother of Spencer (Webelos II Scout) is working to complete his Eagle Scout project as a member of Troop 49 based in Lambertville. His project is to finish up a new park (Armet Park) that borders West Amwell and Lambertville and although he has received some donations, many of the local businesses are unable to help due to the recession.

If anyone can help Joey out by donating any of the following materials, he would be most appreciative. For the project Joey will be planting shrubs, and building benches. In addition, he will also build 4 wooden picnic tables.

If someone can help, please contact Joey at joeagabiti@aol.com as soon as possible.

Materials needed:

- 54 - 2x6 lumber at least 6' long treated and untreated.
- 2 gallons of Thompsons water seal
- 2 boxes of 3" deck screws
- 64 - 5/16x4" carriage bolts and nuts.

Work on the project is planned for this spring. If you are unable to help with donations of materials then please consider volunteering your time at the park to help Joey finish his project. An email with the date of the work will be sent out when all materials have been received.

Thanks for any help you can provide.
